

YOUR PARTNER FOR WORKING AT SEA

## HOW DO YOU NEED IT? WE CAN MAKE IT

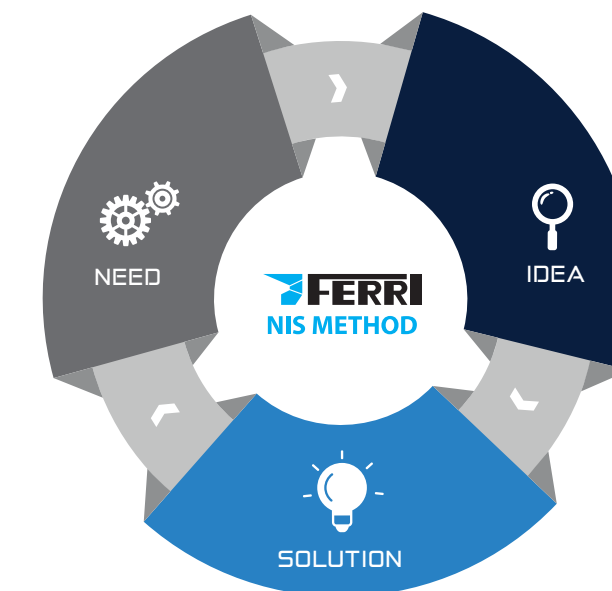

SOLUTIONS TO ALL TYPES OF NEEDS.

A good job starts in the first minute with the initial conversations. And this exigency is maintained in each and every decision taken and in every task developed.

Side by side with the client we carry out the most ambitious projects imaginable. We face the project as an integral whole based on a method which, beyond the demands of the certification societies, is based on our experience in resolving problems, continuous improvement and, in short, on seeking our client's satisfaction.

ADAPTATION AND DEVELOPMENT OF CUSTOM MACHINERY:  
THE NIS METHOD.

NEED-IDEA-SOLUTION

## OUR HISTORY REVITALIZES OUR FUTURE

Founded in 1964 by naval engineer and deep-sea skipper Ricardo Fernández Villar, INDUSTRIAS FERRI S.A. is a family-run business with over 60 years of experience in high-quality deck equipment. Drawing from hands-on experience at sea, our founder transformed practical knowledge into solutions that meet the most demanding technical requirements.

At FERRI, we specialise in custom-made equipment for all types of vessels, combining flexibility and rigour to deliver products tailored to each client's needs. Our mission is to develop solutions based on our clients' ideas, turning even the most challenging concepts into practical, reliable machinery. With the acquisition of Talleres Carral in 2013, we integrated over a century of knowledge (dating back to 1921) in the design and manufacture of winches and windlasses.

Complementing our specialised products, we offer a range of standard equipment and comprehensive technical support—installation, maintenance, inspection, and testing—available worldwide, 24/7.

FERRI Systems, our division for automation and electrical engineering, since its creation in 2019, has complemented the comprehensive offering of the Industrias FERRI Group by integrating mechanical, hydraulic, pneumatic, electrical, and electronic technologies, ensuring efficiency, safety, and seamless operation.

Our founder's guiding principle, "We must be proud of our work," continues to inspire us to combine experience, technical expertise, and client collaboration to deliver innovative, trustworthy solutions.

A FULL SET OF INTEGRATED SERVICES OFFERED  
24/7 AND WORLDWIDE

## SPECIAL PROJECTS

### RESEARCH & DEVELOPMENT

FERRI Systems specialize in electrical engineering, automation, and marine control.

We handle everything from complete engineering services—such as single-line diagrams, wiring schematics, technical specifications, and cable and signal databases—to the design, manufacturing, and commissioning of electrical equipment, including control panels, frequency converters, control consoles, remote controls, and hydraulic power units.

We also deliver turnkey (EPC) projects, managing the entire cycle: basic engineering, material procurement, coordination, delivery, and installation of marine systems.

Our team of engineers and technicians also provides specialized technical services, including system programming, consulting, commissioning, and equipment upgrades.

WE CAN SUPPLY SOFTWARE & MACHINE PACKAGE TO ANY BOAT BUILDING

OUR DEPARTMENT OF AUTOMATION, SOFTWARE, ELECTRONICS, DRIVES, ... FERRI SYSTEMS

## SERVICES

We provide comprehensive global service and technical support, 24/7, with trained technicians available at any time. We operate through a worldwide network of strategically located service stations, where our specialized personnel are ready to respond.

Our work includes spare parts supply, technical assistance, troubleshooting, full maintenance, and the implementation of lifecycle management programs, ensuring that equipment operates reliably and efficiently throughout its entire service life.

FERRI is dedicated to being a reliable service partner, building strong relationships with customers to improve service quality throughout the machine's lifecycle.

As a multibrand service provider, we also maintain equipment from other manufacturers, ensuring high standards of technical service

TRAINING:  
International coverage  
Operator and Maintenance Training  
In-House & On-Site training  
Practical & Theoretical Course  
Adapted Sessions  
Service Supplier by BV

## TRACEABILITY, QUALITY, ENGINEERING, NORMATIVE

Our internal processes allow us to follow up from the design to the set-up of the equipment with a comprehensive servicing throughout its working life: draft, design, manufacture, testing, installation, certification, commissioning, start up, after sell maintenance, modifications, updates, periodic testing, etc. This traceability is a guarantee for our customers.

## RESCUE EQUIPMENT

FERRI is authorized to perform yearly and biweekly inspections in line with MSC.1/Circ.1206 for davits, rescue boats and hooks in any part of the world, following the direction of the General Merchant Marine and approved by Lloyd's Register of Shipping.

All systems comply with SOLAS international norms and regulations.

We offer inspection for our and other manufactures equipment of Spanish flags and others LIFTING EQUIPMENT: **ILO 152 agreement, Work International Organization**

FERRI performs annual and 5 years inspections on lifting appliances, loose gear and wire rope. Likewise accommodation ladders and gangways according to current regulations, as well as any other overload test on any element on board

## NAVY & COAST GUARD

DECK MACHINERY FOR MILITARY VESSELS AS AIRCRAFT CARRIERS, FRIGATES, SCHOOL SHIPS, PATROL BOATS, RESCUE BOATS.

EQUIPMENT FOR HANDLING LOADS AND MANNED CRAFTS. MULTIMISSION BAY EQUIPMENT.

OFFSHORE CRANES, DAVITS FOR RAPID INTERVENTION OPS, ACCOMMODATION LADDERS, LARS, MONORAIL CRANES FOR HANDLING LOADS IN HANGAR

ANCHOR AND MOORING EQUIPMENT

AAOR CRANE (AUSTRALIAN NAVY) OFFSHORE CRANE FOR HANDLING LOADS

OCEANOGRAPHIC VESSEL (SPANISH NAVY) DAVIT FOR SEARCH AND RESCUE BOAT IN ANTARTIC WATERS

FISHERY PATROL (DENMARK) STERN RAMP FOR INSPECTION BOAT

FRIGATE (SPANISH NAVY) MULTIMISSION BAY HANDLING SYSTEM

AIRCRAFT CARRIER (AUSTRALIAN NAVY) BELOW-DECK DAVIT FOR RAPID INTERVENTION CRAFT

## MEGAYATCH

WE ARE WILLING TO MAKE THE DREAMS OF OUR CUSTOMERS COME TRUE.

SPECIAL AESTHETICS SOLUTIONS, LUXURIOUS FINISHES. STAINLESS STEEL POLISHED EXECUTIONS, BRONZE, BELOW DECK APPLICATIONS. LOW NOISE LEVEL AND VIBRATION. ANY DESIGN INTEGRATION CAN BE ADAPTED.

THE BEST DECK MACHINERY, THE BEST TAYLOR MADE EQUIPMENT.

MULTISERVICE-LARS IN BELOW DECK HANGAR

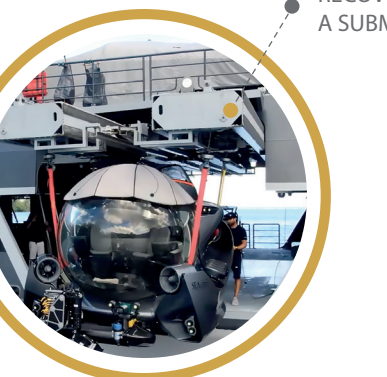

CAPSTAN AND ANCHOR WINDLASS EXECUTION

CAPSTAN INTEGRATED AND COMPACT DESIGN

BEACH CLUB LARS & SIDE DOORS

LAUNCH AND RECOVERY SYSTEM FOR A SUBMARINE ABS SWL 14

TELESCOPIC CRANE FOR SUPPLIES INTEGRATED ON A DECK BENCH

## RESEARCH

ALL THE DECK MACHINERY FOR OCEANOGRAPHIC VESSELS, SEISMIC VESSELS AND SPECIAL SCIENTIFIC OR RESEARCH VESSELS

A-FRAMES. TELESCOPIC BOOMS, LARS FOR ROVS AND CTD, CRANES, WINCHES FOR ROV, CTD, FISHING, SONAR...

OPERATION IN DEEP WATERS, SEVERE SEA CONDITIONS, EXTREME CLIMATES.

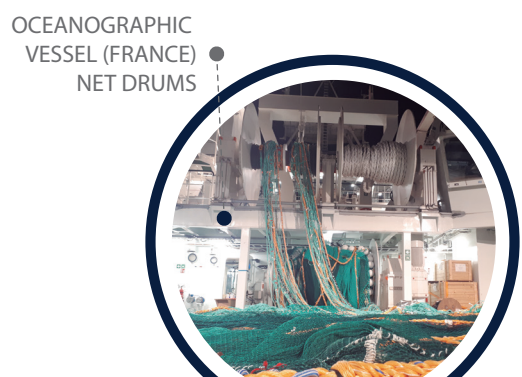

OFFSHORE CRANES, DAVITS FOR RAPID INTERVENTION OPS, ACCOMMODATION LADDERS, LARS, MONORAIL CRANES FOR HANDLING LOADS IN HANGAR

OCEANOGRAPHIC VESSEL (SPAIN) A-FRAME FOR LAUNCH AND RECOVERY OF ROV

OCEANOGRAPHIC VESSEL (ANGOLA) UMBILICAL WINCH

OCEANOGRAPHIC VESSEL (FRANCE) NET DRUMS

OCEANOGRAPHIC VESSEL (UK) MONORAIL CRANES FOR HANGAR

SEISMIC VESSEL UMBILICAL WINCH FOR HANDLING LOADS IN DEEP WATERS

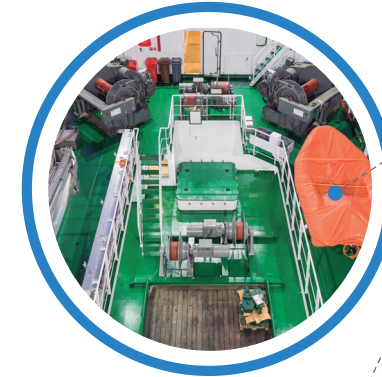

## FISHING

WE HAVE BEEN OFFERING THIS EQUIPMENT SINCE MORE THAN 100 YEARS. FROM STANDARD EQUIPMENT TO MADE-TO-MEASURE, ANY TYPE OF BLOCKS FOR ANY USE, EVEN UNDER WATER.

ELECTRIC OR HYDRAULIC WINCHES ARE AVAILABLE IN DIFFERENT EXECUTIONS, DESIGNED FOR SPECIFIC APPLICATIONS LIKE BOTTOM TRAWLING, PELAGIC TRAWLING, BEAM TRAWLING OR FOR PURSE-SEINER. OUR WINCHES CAN BE CONSTRUCTED IN A MONO-BLOCK AND SPLIT EXECUTION, CONVENTIONAL AND MULTI-DRUM EXECUTION, WITH THE DRUMS IN LINE OR IN A WATERFALL ARRANGEMENT.

WE HAVE OUR OWN ELECTRONICS & SOFTWARE DIVISION.

FISHING VESSEL (SPAIN) SPLIT WINCHES

CONTROL PANELS

FULL SET OF BLOCKS, GUIDES AND ROLLERS

## CRUISER

CRUISERS, RO-RO'S, CATAMARANS, LUXURY BOATS ...

EQUIPMENT FOR HANDLING LIFE BOATS, RESCUE BOATS, LIFE RAFTS, SUPPLIES, AND PERSONNEL.

DAVITS, ACCOMMODATION LADDERS, GANGWAYS, LARS WITH AESTHETICS SOLUTIONS.

LARS SYSTEM FOR CRUISER (PORTUGAL)

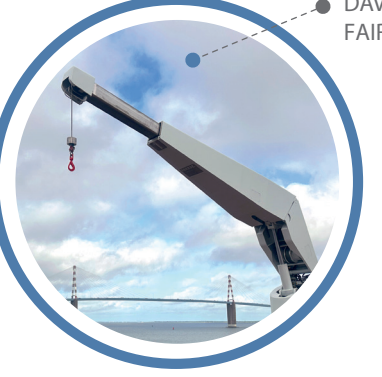

CRUISER (FRANCE) ACCOMMODATION LADDERS & DAVIT

EQUIPMENT FOR SAILING CRUISER (PERU)

FOLDABLE TELESCOPIC GANGWAYS FOR CRUISERS (PORTUGAL)

CRUISE (FRANCE) DAVIT WITH FAIRING

CRUISE (FRANCE) DAVIT WITH FAIRING

CRUISE (FRANCE) DAVIT WITH FAIRING

## OFFSHORE WIND

EQUIPMENT FOR ACCESS OR HANDLING, MOORING...

CUSTOM-MADE FOR EACH JACKET OR PLATFORM TAKING INTO ACCOUNT SPACE, PLACEMENT, MANOEUVRABILITY, SIZE, AND PERFORMANCE IN ACCORDANCE WITH WORKING CONDITIONS.

HIGH WEIGHT, EASE ON DECK MAINTENANCE AND INSTALLATION, MAN RIDING AND MANUAL OVERRIDE OF ALL FUNCTIONALITIES

JACKET CRANE MAN RIDING CAPABILITY AND CONSTANT TENSION

SUBSTATION CRANE

JACKETS CRANES AND DAVITS

ACTIVE POSITIONING WINCH

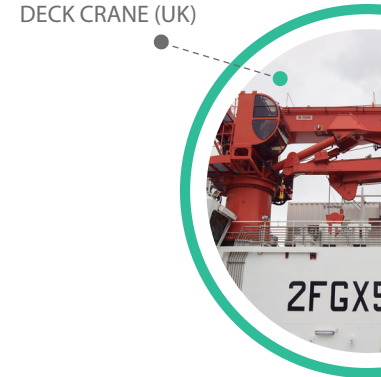

ACTIVE POSITIONING WINCH

## WORKBOATS

EQUIPMENT SPECIALLY DESIGNED FOR THE MOST DEMANDING NEEDS OF ALL KIND OF WORKBOATS, AS TUGS, DREGERS, PONTOONS. A RANGE THAT INCLUDES BOTH ELECTRIC AND HYDRAULIC WINCHES, MOORING AND ANCHORING WINCHES, CONSTANT TENSION WINCHES, WINDLASSES, TRACTION WINCHES, TOWING AND ESCORT WINCHES, CRANES, DAVITS, A-FRAMES.

WE ALSO SUPPLY ACCESSORIES SUCH AS HPUS, FREQUENCY CONVERTERS, REMOTE CONTROL UNITS ETC. AND OF COURSE, ELECTRO-HYDRAULIC STEERING GEARS. ANY CLASS.

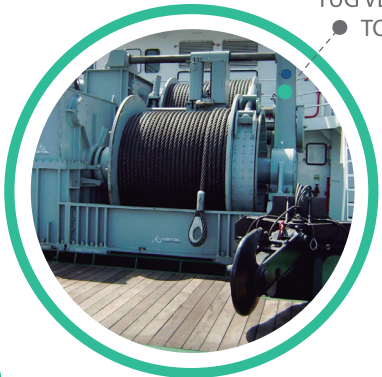

DECK CRANE (UK)

MAINTENANCE SUPPORT VESSEL (UK) TELESCOPIC CRANE WITH AHC, A-FRAME AND WINCHES

OCEAN-GOING TUGS (SPAIN) 400T TOW PIN WITH 500T FORK

TUG VESSEL (BELGIUM) TOWING WINCHES

OCEAN-GOING TUG (SPAIN) HOOK WITH ARM AND GUIDE

## OIL & GAS

DECK MACHINERY, CRANES, A-FRAMES, LARS, WINCHES, TOW PINS, TOWING HOOKS, DAVITS... ANY SEA STATE, ATEX ENVIROMENTS, ANY CLASS SOCIETY.

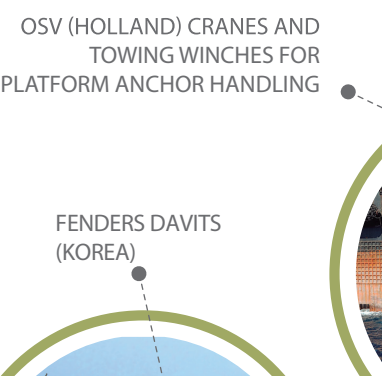

STANDARD RANGE OR ADAPTED FOR ANY KIND OF APPLICATION.

ACTIVE OFFSHORE GANGWAY FOR PLATFORM ACCESS

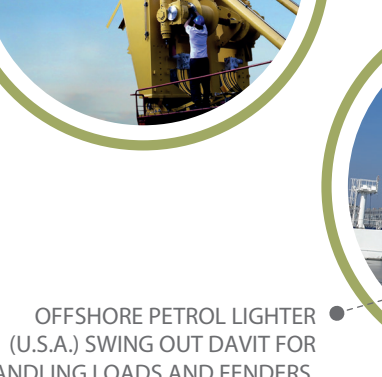

SPAIN, ITALY, CHINA CRANES FOR GAS, LNG OR REGASIFICATION TERMINALS

OSV (HOLLAND) CRANES AND TOWING WINCHES FOR PLATFORM ANCHOR HANDLING

FENDERS DAVITS (KOREA)

OFFSHORE PETROL LIGHTER (U.S.A.) SWING OUT DAVIT FOR HANDLING LOADS AND FENDERS
